tively high nationwide—in the mid 80% for usage," stated Deputy Sheriff Scott Austin. "Our goal during the Click It or Ticket efforts is to increase our enforcement to ensure each and every traffic law is being followed appropriately, by everyone. We want to do our part of keeping that seat belt statistic as high as we are able and our community as safe as possible," said Austin.

In addition to the increased enforcement and public service announcement, a Facebook page has

belt use saved lives or how lives were lost as a result of non-use. The site will be available year round and will publicize safe driving tips, educational videos on safe driving, as well as additional information.
